

SUMMARY OF CHARGES

Bespoke tissue collection is available - charges are by arrangement.

For further details of tissues available please see the information [here](#).

EMBEDDING & SLIDE PREPARATION

PROCESSING

Processing of formalin fixed tissues to paraffin wax **£5/block**.

Bespoke processing schedules available if required at request.

SECTIONING

Unstained sections: **£10 for the first section (£1 for every subsequent section)**

Coated slide for ICH: **£1.50/section**

Frozen Sections: **£3/section**

Scrolls (for DNA/RNA extraction): **£3/scroll**

Tissue Microarrays design & construction core sizes available 0.6mm, 1.0mm: **£25/hour**

HIGH RESOLUTION SLIDE SCANNING

Sections can be scanned at x20, and x40 optical to provide electronic images of tissues, allowing analytical algorithms to be applied to the resultant data. **£10/slide scanned**

Images will be held for up to 1 year before deletion from NHS servers, unless by prior agreement.

OFF-SITE ARCHIVAL TISSUE SAMPLES

Provision of sections/scrolls of specific conditions is available from the pathology archive. As these cases are held off site by a third party, there will be an additional retrieval cost incurred for such recalls.

Quotes can be arranged as required, please email ardentissuebank@uhcw.nhs.uk.
